

## PEAK: Kidney Care Partners Community Initiative

Kidney Care Partners recently-launched Performance Excellence and Accountability in Kidney Care (PEAK), a quality improvement campaign with a goal of reducing mortality among first-year dialysis patients by 20 percent by the end of the year 2012. Dr. Jones shares Kidney Care Partners strategy on how they plan to improve survival and help people with kidney disease thrive. Listen to why the mortality rate is so high and learn what you can do to make sure you or a loved one are not one of the statistics.
